January 2026

Dear Parents and Carers,

Re: Exam preparation & revision parent support session

I hope that this letter finds you well. As our students move towards their GCSEs and the exam season, we are aware that revision and exam preparation can be challenging for not only students, but also parents.

For our students, we will be delivering a revision and exam preparation session aimed at supporting them to feel calm and organised. The session will focus upon revision strategies, how to organise learning time at home, what sort of resources are available and some relaxation methods for positive mental health.

Parent Carer revision support session - Tuesday 3rd March, 9:30am- 11am

We invite you to join us for a similar session aimed at parents and carers wanting to support their child during this challenging time on **Tuesday 3rd March**. Please arrive after 9:15am for a 9:30am start and we will aim to finish by 10:45am, but can assist with any questions afterwards. The session will be run by myself and Mr Davey, who teaches Maths.

If you intend to join us, please email zsmith@wkrs.co.uk and we will organise relevant resources and refreshments.

We hope to see you then.

Kind regards

Zoe Smith

(Teacher of English)
